01/02

November is here and we're thrilled to share the exciting news about the Florence network preparatory meeting! Our wonderful president and vice president, Natalie and Tim, have dedicated their efforts alongside the organizing committee in Thessaly to make this event memorable. Building on the valuable suggestions from our last meeting in Madrid, the student board has collaborated closely to craft a fantastic agenda.

We are excited to announce the theme for FNAM 24:

Strengthening and resilience through education and digital innovation

An essential announcement for students eager to contribute to the Student Board in the upcoming academic year! With the majority of the current board graduating, we now have four open positions. If you're interested in taking on a pivotal role, start preparing your introduction presentations to showcase your candidacy. This is your chance to make a compelling case for why you'd be a great addition to the board. Stay tuned for more details – additional information will be provided shortly!

Food market is one of the traditions we would like to continue with. Each student is invited to contribute a tasty treat from their home country to share with the rest of the group. This delectable experience is scheduled for Monday evening, ensuring the freshness of the offerings. To make this market truly special, a bit of preparation will be necessary. Stay tuned for more details on how you can enhance this culinary exchange. Additional information will be shared with you soon.

Regarding accommodation, more info will follow. The rooms will house two students or three, so you will need to write who you would prefer to stay with, in the google form.

We have a workshop planned and need some already graduated midwives and nurses, if you know someone who has worked for at least 2 years and would like to help us out, please send their email in the google form also.

One of the improvements the students wanted to see was more including and interactive sessions, we have tried to make that suggestion possible with a student panel. On the last day of the FNAM there will be a panel in one of the larger conference rooms where students have the chance to share their thoughts and discuss the topic and theme of the last few days with both students and teachers in the audience. Do you feel like you could have some interesting things to share and would like to participate in the student panel, please write this in the google form with the box marked "Student Panel".

We've explored fantastic coffee shops, bars, and savored delicious traditional Greek cuisine. Now, we're busy planning enjoyable activities and eagerly anticipating hosting you alongside our Greek student hosts. The excitement is building up as we look forward to meeting each one of you and sharing memorable moments while discovering the charms of Larissa. Get ready for a fantastic time of learning, exploration, and camaraderie at the upcoming meeting!
